

HOLIDAY FOR PRIMARIES IS URGED

Executive Committee of Republican Territorial Committee Asks Governor to Act—Chairman Andrews Argues for Supervision of Business in Interests of Public Welfare.

A meeting of the executive committee of the Territorial Central Committee of the Republican party was held yesterday morning at which the question of the Governor declaring September 12 a holiday was under discussion. By unanimous vote of the members present, the following resolution was ordered sent to Governor Pinkham:

"Whereas, The laws of the Territory of Hawaii provide that a primary election be held throughout the Territory of Hawaii on Saturday the 12th day of September of the present year; and

"Whereas, The laws of the Territory of Hawaii provide that the Governor of the Territory declare, in his discretion, any day a holiday; and

"Whereas, The designation of the day on which the primary election shall be held as a holiday will aid materially in giving full effect to the intention of that law in placing in nomination candidates for office;

"Now therefore, Be it Resolved, by the Executive Committee of the Republican party of the Territory of Hawaii, That the Governor of the Territory of Hawaii be requested, in accordance with the powers vested in him, to declare Saturday, September 12, 1914, a legal holiday within the Territory of Hawaii.

"And be it further Resolved, That the Secretary of this Committee be and he is hereby directed to forward to the Governor of the Territory of Hawaii a copy of this resolution."

Strongly Favors Holiday.
At the conclusion of the meeting Chairman Lorrin Andrews expressed himself in no uncertain terms on this subject.

"This coming primary election is one of the most important, if not the most important, election ever held in this Territory," said Mr. Andrews. "The business men who are keeping open on that day do not seem to have any realization of what importance this election is to the business interests here."

"They do not seem to realize that a candidate can be elected to office at the coming primaries. For instance, take the case of Kuluokalani, running for county clerk. He has but one candidate opposing him on the Democratic ticket."

"If the business houses remain open on September 12 the business men here will find that a very small percentage of the white and Chinese merchants will have an opportunity to vote no matter what their desires may be."

May Be Disappointed.
"As only those who are elected in the primaries will be allowed to have their names on the ballot in November, if the business men persist in this policy they may make up on the morning after September 12 and find that they will have a most undesirable class of candidates from which they will be obliged to select for county offices."

"The ballot is much larger this year than it ever has been heretofore and more candidates are to be selected from. In addition to this every precinct on the island of Oahu has increased in voting strength and according to figures at hand the majority of these precincts number over 600 voters. Now, under ordinary conditions, if the voters in these precincts have the whole day to vote, it would be a difficult matter to get the whole 600 through on time. If September 12 is not declared a holiday these business men will find as they go to vote along in the afternoon that a long line of unemployed of all nationalities and professional politicians, who have nothing else to do, will greet them at the polling places, and after waiting for some time they will give it up in disgust and go home, leaving it to the other fellow to do the voting."

Fears Harm Will Result.
"With my knowledge of political conditions here and feeling positive that it is going to take longer this year to vote, owing to this primary election being a new thing and the large number of candidates on the ticket, I believe that if this small circle of business men, who are advocating that stores be kept open on September 12 will not only do themselves irreparable harm, but will bring much harm on the whole Territory if they succeed in convincing Governor Pinkham that this date could not be declared a holiday."

At the Republican meeting at Maile on Wednesday night the members of that precinct club adopted a resolution in which the Governor is asked to declare September 12 a holiday. It is reported that all precinct clubs, both Democratic and Republican, will adopt similar resolutions within the next few days and present them to the Governor.

French Shift Position to Meet German Forces

(Continued from Page One)

The Germans are steadily attempting an outflanking movement by forced marches.

The steady advance of the Germans has hurried the preparations in Paris for an eventual siege, and the city is being provisioned and the vast system of defenses added to the limit of possibility. To offset the depressing news from the front, however, the government yesterday made an announcement that "yesterday's arrangements neither imperil nor modify the dispositions made in view of future developments between Nancy and Vooges."

FRENCH REPORTS SUCCESS.

General French reports that the British yesterday successfully engaged a superior force of Germans. He speaks in the highest terms of the quality and efficiency of the French army and regards the general outlook as favorable.

Ostend has been occupied by marines landed from some of the Channel fleet, the British landing in force with the object of preventing the seizure of the port by the Germans.

MINES MENACE SHIPPING.

German mines in the North Sea continue to menace neutral shipping. Yesterday the Norwegian steamer Gottfried struck a floating mine and went down. Of her crew of seventeen, a British trawler rescued thirteen.

ASQUITH VOICES PROTEST.

It was announced in parliament yesterday by Premier Asquith that the German auxiliary cruiser Kaiser Wilhelm der Grosse, formerly a Hamburg-American liner, of nearly six thousand tons, had been sunk in an action with the British cruiser Highflyer off the African west coast. The German liner had been armed with ten four-inch guns, while the Britisher carried eleven 6-inch guns.

Four Warships Despatched In Search of the Leipzig

SEATTLE, August 27.—(Associated Press by Commercial Pacific Cable)—The British cruisers Rainbow and Newcastle and the Japanese cruiser Idzumi, accompanied by the swift merchantman-scout Prince George, have been sent to hunt down the German cruiser Leipzig, which left San Francisco a few days ago. The Leipzig is believed to be coaling from a steam schooner which recently left Seattle on a mysterious mission.

GALVESTON, Texas, August 27.—The British consulate here today issued a statement that three warships have been sent at full speed to the Gulf of Mexico to protect cotton and oil shipments out of the gulf ports.

BLOCKADE NOTICE SERVED.

TINGTAU, August 27.—(Associated Press by Federal Wireless)—Vice-Admiral Sadakichi Kato has sent a notification by wireless to Governor Waldeck of the German colony that a blockade of Tingtang has been declared. Neutral shipping is given twenty-four hours to leave the port. Non-combatants are given the same notice.

The Japanese fleet is the second squadron. The roads around Tingtang and Kiaochow are miry from recent heavy rains and no troops have as yet been landed to make an attack from the other side.

Zeppelins Doing Havoc With Bombs in City of Antwerp

WASHINGTON, August 27.—Official advices received by the state department and at embassies here state that several diplomats representing neutral powers and now at Antwerp have narrowly escaped death or serious injury from the bombs dropped by German military Zeppelins. A Zeppelin recently dropped eight bombs in succession into the streets of the city. Many women and children have been killed.

The Zeppelin is working effectively. It flies high in the air above artillery range and from it a small, armored cage is lowered, containing a lone operator at the end of a steel cable three thousand feet long. This operator drops the bombs. The cage is rifle-proof and so small that it is almost impossible to hit it with artillery fire.

DENIES JAPAN WAS REPELLED.

WASHINGTON, August 28.—(Associated Press by Federal Wireless)—The Japanese ambassador emphatically denies that the Mikado's forces were repelled by the Germans in the naval attack on Tingtang.

Priests Held as Hostage at Liege by Germans, is Report

ROME, August 28.—(Associated Press by Federal Wireless)—The cardinals gathered here for the seventh congregation, preparatory to the conclave of the Sacred College called for the election of a Pope, to succeed Pius X, are much perturbed over the report that has reached them from Liege, where it is said that the Germans occupying the city have seized seventeen prelates and are holding them as hostages against the hostility of the inhabitants of the city and the surrounding district.

COURT GRANTS DIVORCE TO DESERTED HUSBAND

Judge William J. Robinson yesterday granted a decree of divorce, to take effect immediately, to William Naeha from Kaula Naeha on the ground of desertion. Other grounds alleged were cruel treatment and the commission of a statutory offense. The couple were married in Honolulu on March 15, 1912, and have no children.

On the order to show cause in the divorce suit of Rosaria Torres against Domingos Torres, Judge Whitney has ordered Domingos to pay to his wife temporary alimony in the sum of five dollars a week, the costs of the action and a preliminary fee to the wife's attorney in the sum of twenty-five dollars.

The papers in the suit for divorce, filed here June 4 last, in the case of William H. Hinde against May Hinde, whose maiden name was Minnie May Maxwell, have been returned to the local circuit court after service on Mrs. Hinde at Oakland, California. Hinde charges that his wife deserted him October 4, 1912. The Hinds were married at San Rafael, California, February 6, 1912, and have no children.

RAILWAY REGULATION BILL MAY GO OVER

WASHINGTON, August 28.—(Associated Press by Federal Wireless)—President Wilson says he will not insist on the passage of this session of congress of the bill authorizing the interstate commerce commission to regulate the issuance of railroad securities.

Certain senators are accused of emasculating the Clayton Bill following the adoption of amendments killing the provisions for jail sentences for all violators of its prohibitions against holding companies and the purchasing of supplies from corporations with common directors and officers.

TRANS-PACIFIC LINE TO RESUME SCHEDULE

SEATTLE, August 28.—(Associated Press by Federal Wireless)—The Canadian-Pacific Railroad and Steamship Company announces that its regular trans-Pacific steamship schedule, which was interrupted at the outset of the war, will be resumed October 15.

SIX POINT TWO CENTS NEW PRICE FOR ROW SUGAR

The Hawaiian Sugar Planters' Association received official advices from New York yesterday afternoon that 98 test raw sugar had sold at an advance of one-quarter cent per pound. The latest previous quotation was 5.77; yesterday's advance brings the price up to 6.02, or \$120.40 per ton.

Canadians Buying.
Recent mail advices from the minister predict heavy purchases of refined by the Canadian government on British account. There is no embargo on American foodstuffs entering Canada. The Canadian government has assumed the duty and responsibility of provisioning the mother country during the progress of the war.

If this surmise as to the immediate cause of this latest advance is correct, it would indicate keen competition by refiners for the balance of the Cuban and Hawaiian crops for replacement of refined stocks to supply the domestic market.

EFFICIENCY THE MAIN REQUISITE

New York Survey Would Make Children Efficient Rather Than Find Jobs for Them.

How the Vocational Guidance Survey of New York City voluntarily became the Vocational Education Survey, because there is a change believed that really needed thing was to train children to be efficient rather than to find jobs for them for which they were not trained, is told in a document just issued for free distribution by the United States bureau of education.

"What the children really want," says Miss Alice B. Burrows in the bureau report, "is vocational training. The kernel of truth in this popular movement for vocational guidance is the need of vocational training for children. Vocational guidance should mean guidance for training, not guidance for jobs. Hence, under present conditions, the interests of public school children can best be served, not by the establishment of a vocational bureau, but by the development of vocational training."

The survey was undertaken by a joint committee of the Junior League and the Public Education Association. It was organized for the purpose of studying a group of New York children leaving school to go to work, in the hope of determining what vocational guidance should mean to the public schools of the city. Like all careful investigations of recent times, this survey demonstrated that "economic pressure" accounts for only a small proportion of the children who leave school to go to work.

Investigation of the children at work showed that what they wanted more than anything else was "a job where you can learn." In most instances they were not getting it. For the most part their work meant nothing to them; they were rapidly developing a "feeling of protest against the lack of individual attention and training; against the military discipline and inflexible tasks."

On one point the New York report is unusually explicit. "There are no jobs for children under sixteen which they ought to take," it declares. Furthermore, it emphasizes the need for more information about industrial conditions before attempting to steer boys and girls into positions. "Neither the Vocational Survey nor any other organization has adequate information at present about the demand for workers or the opportunities of work and training in the twenty largest industries, not to mention the legion of smaller ones."

This more exact information is at hand the vocational guidance movement, says the report, will remain "little more than a body of good intentions without any clarified plan."

WOMAN SAYS PARAMOUR ATTEMPTED TO KILL HER

Henry Johnson, colored, a notorious character of the Twelfth district, was arrested last night on the complaint of his paramour, a denizen of the district known as Nellie, and is being held pending an investigation by the police authorities.

Johnson has a bad police record but although repeatedly arrested has succeeded so far in escaping imprisonment.

Yesterday evening, shortly after six o'clock, Johnson's consort appeared at the police station and stated that Johnson had threatened to cut her throat with a razor and attempted to destroy some of her wearing apparel.

Captain Kamahua arrested Johnson and held him until this morning, when he will be given an opportunity to explain to Judge Mousarrat why he did not find honest employment rather than live off the earnings of a woman.

On previous occasions when Johnson has been arrested on charges of vagrancy, the woman would testify in the police court that he was employed by her as a cook and in this manner vigorously to prosecute the Johnson case as a warning to Johnson and men of his ilk that Honolulu is not the place for them.

JURY IS DRAWN FOR MC'CARIN CASE

Trial of United States District Attorney Is Set for September 14.

A special venire of thirty-six trial jurors was selected yesterday in the federal court by Augustus E. Murphy, clerk, on instruction by Judge Sanford B. Dole. The jurors are to appear in court Monday, September 14, at ten o'clock in the morning, at which time the case of the United States against Jeff McCarin, charged with assault with a dangerous weapon, will go to trial. This case had been previously set for September 9, but yesterday, after the selection of the special venire, Attorney Joseph Lightfoot, representing McCarin, moved that it be further continued until September 14. This was agreed to by Judge Dole.

The court opened at two o'clock yesterday afternoon, Clerk Murphy reading a couple of orders signed by the presiding judge to the effect that a special venire of the court, beginning September 14, be called, and that a special venire of jurors, containing thirty-six names, be drawn, made returnable on the day already mentioned. The clerk remarked that there were in the jury box slips bearing the names of 324 trial jurors.

Slips Stirred Up.
The first name drawn from the box was that of Harry E. Hoffman, Attorney Joseph Lightfoot, who happened to be standing by the box, remarked that the slips appeared to be bunched in two piles on the bottom of the box, whereupon Judge Dole ordered the clerk to mix the contents. Besides those already mentioned, other people in court were Deputy Clerk Foster, Lester Davis, Court Reporter Oliver H. Santos, M. L. Thomas (special assistant to the attorney general of the United States), Judge C. S. Dole of Kauai, Attorney William B. Lyner and Sidney Smith, bailiff.

The next name to be drawn was that of G. E. Schaefer. On the announcement that Mr. Schaefer had served a special venire recently, Judge Dole, after discussion between the court, Special Assistant M. A. Thomas and Attorney Lightfoot, made the following ruling:

"The court rules that any juror who has served as a petit juror in the district court shall not be called upon to serve again within the year after such service." This ruling was satisfactory to all, and the name of Schaefer was laid aside, the slip to be returned to the box after the drawing had been completed.

Others Escape Service.
The following other names were laid aside:

P. C. Reamer, Hilo, reported absent in Japan; Charles A. Reynolds, Honolulu, reported under commitment to the federal court on a felony charge; Bortram von Demm, reported absent in Europe; Harry D. Wishard, Lihue, excused on the ground that he is chairman of the Kauai board of supervisors; Thomas C. White, Kealahou, Hawaii, excused on the ground that he was recently appointed a member of the Hawaiian Home Commission; Gilbert Hall, Kealahou, reported over sixty years of age and unable to speak English sufficiently well enough to serve as a juror; Judge Dole ordering this slip to be destroyed.

List of Names Drawn.
The thirty-six names drawn were as follows:

Harry E. Hoffman, Honolulu; F. H. Raynsden, Makaweli, Kauai; T. J. Fitzpatrick, Honolulu; Warren Allison, Honolulu; Kakaia, Hawaii; William James Smith, Waimea, Kauai; Elsie Robinson, Makaweli, Kauai; Allan Mills, Honolulu; James Kauhane, Kihui, Maui; David Forbes, Kakaia, Hawaii; William P. CUSTOMS DEPARTMENT 'OLD HORSE' AUCTION NETS UNCLE SAM \$132

The annual sale of unclaimed articles which had been held for a year at the customs house took place yesterday morning in pursuance to orders given by Collector M. A. Franklin previous to his departure Wednesday. The total amount derived from the auction was about \$132, a sufficient amount to cover all duties which had been imposed for importation.

The whole heterogeneous lot, with the exception of three thousand Philippine cigarettes which no one wanted was knocked down to the highest bidder.

Considerable interest was taken in a bale of sugar sacks which was finally sold for \$55. Deputy Collector Sharp, who had general charge of the sale, stated that the result was satisfactory to the government.
